

LIQUID Dish Soap

Let's make our own dish liquid soap and not buy the plastic version. It cuts down grease and smells amazing with a clean feeling on your hands. It is so simple to make and you can add your own essential oils to create a magnificent aroma. Citrus oils have cleansing and purifying prosperities that make doing dishes safer for the Family.

Ingredients

- * 16oz Glass pump Bottle
- * 1/2 cup Castile Soap
- * 30 Drops citrus essential oil

Instructions

- * Pour the ingredients into a glass pump bottle
- * Fill the remainder with water and shake well before you use it
